AutoSense have recommended the above organisations and they are not affiliated with Au Pair Link. Payments are to be made directly to the driving instructors as per their directions. Rural areas or areas outside the stated regions could incur additional costs. Please discuss this with the providers. Also, instructors often use the car that the au pair drives regularly and are familiar with rather than their driver training cars.

Please also note that all prices are subject to change by the company and lessons are subject to instructor availability. We recommend to book at least 2 days prior to when you would like your driving lessons to begin.
